**Legal Authority**

**Source of Revenue**  
Appropriations, which may include donations, recovery of awards, earnings, and other program receipts

**Restrictions on Use**  
Money distributed from the fund shall be in addition to other sources of compensation provided in AS 18.67. The fund shall be administered in accordance with AS 18.67.

**Description and History**  
5/11

Although the fund was established in FY83, it was not used until FY12. Until then, appropriations (of PFD criminal and other funds) were directly to the Violent Crimes Compensation Board. The Board makes awards to crime victims under AS 18.67. Use of the fund beginning in FY12 was the result of a review of PFD criminal funds, with the intent to limit their use to the Department of Corrections and this fund. There is no agreement regarding future funding as it relates to variability of PFD criminal funds.

The fund is classified as a fund capitalization because of the mix of sources; appropriations from the fund to the CVCB are duplicated.

August 2021  
Changed the "CBR Sweep" designation to "No" from "Yes" to reconcile to DOF/DLA sweep analysis determination and procedures. It is actually "Partially" sweepable and will need to be analyzed to exclude donations from the sweep.
